One Ton Hand Pushed Trolley

FROST Inc., offers a superior class overhead one ton beam trolley ideally suited for a variety of applications. It is expandable to various I-beam sizes, in load ratings up to one ton. This version features side guide wheels, precision steel wheels and bolted hardware ideal for easy removal and replacement of the wheels. The solid electroplated cast iron body gives this trolley stability and assurance. Moreover, this trolley is backed by a limited lifetime warranty.

Features:

- Steel Guide Wheels and Hardware
- Precision Steel Wheel Design for Low Friction with Deep Ball Races for Thrust Capability
- Tight Turn Radius 24"
- Adaptable to Different Sized I-Beams
- Extended End Flange for Safety
- Rugged Electroplated Cast Iron Construction
- Bolted Style Wheel for Fast and Easy Replacement
- Splashproof® Seals for Contaminated Environments
- Relube Provision for Wheels and Side Guide Rollers
- Can be used in straight or curved monorail conveyor systems

These hand-pushed overhead trolleys are suitable for a variety of industries such as:

- Automotive Assembly or Repair
- Foundries
- Truck Assembly or Repair
- Small and Large Appliance Manufactures
- Furniture Manufactures
- Aerospace Manufactures
- Porcelain Product Manufactures
- Tier 1, 2, & 3 Suppliers to Automotive
- Hide Tanning Facilities
- Retail Warehouses
- Package Handling
- Motorcycle Manufactures or Repair
- Leisure Vehicle Industry
- Heavy Duty Equipment

SPECIFICATIONS

1 ton Hand Pushed Trolley

Frost part number: 0601400
